

CI/2205
30th November 2011

Dear All

At the meeting of Motor Sports Council yesterday the following proposals were Approved for implementation 1st January 2012.

Having run a successful trial in the BTCC during 2011 both the Technical and Timekeeping Advisory Panels supported the ability to move Race numbers, if provided for by the Championship Regulations and in full compliance with the proposal. The Approved wording is provided below.

If you wish to invoke this ability you should submit a request, by letter, to receive approval, in line with Q11.4., which would normally be received together with your Championship application.

Q11.4. Championship Regulations (Subject to approval by the MSA) may require competition numbers to be moved to the rear side windows (above the drivers' name) on the vehicle in which case:

Q11.4.1. The numbers for each rear side window, which shall be;

- (i) a minimum of 200mm high
- (ii) with a stroke width of at least 20mm
- (iii) coloured reflective yellow.

Q11.4.2. In addition, the windscreen of all cars must display the competition number positioned on the upper area of the passenger's side of the windscreen, as follows;

- (i) the numerals must be at least 150mm high
- (ii) be in the same colour and font as those displayed on the rear side windows
- (iii) be placed no closer than 50mm from the lower edge of the windscreen "sun-strip" and 50mm from the side edge of the windscreen.

(J)4.1.3. Certain types of competition have special requirements which will appear in SRs (Subject to approval by the MSA) (see U.17.25 to 17.28 for Kart Numbers **and Q11.4. for Circuit Racing**).

Yours sincerely
